

The University Environment drives...

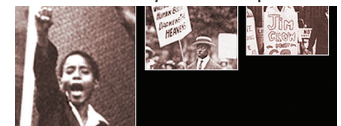

your choice of software, configuration, introduction, and usage...

to create specific faculty/student impacts.

Engagement Models

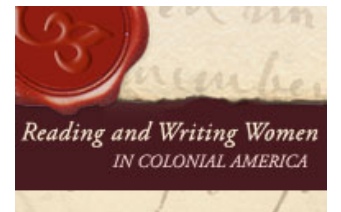

cognitive impact:
textual analysis & explication

SOCIAL JUSTICE MOVEMENTS

social impact:
community activism

personal impact
historical perspective

emotional impact:
commons-based peer production

*This argument will be published in the forthcoming anthology on wikis and education - **The Wild, Wild Wiki: Unsettling the Frontiers of Cyberspace**, University of Michigan Press*

This poster is drawn from the essay entitled 'Wiki Justice, Social Ergonomics, and Ethical Collaboration' and introduces a model which locates wikis within the university's pedagogy-technology context and describes their social and pedagogical impacts.
